3. If applicable, describe your employment history including the name of the company, job title and the duration of each job you have held.

This can be found in the course information in the prospectus and at the WSU website: http://www.westernsydney.edu.au/international/home/course_information

7. If there are similar courses of the same international standing available in your home country, provide reasons on why you choose to study in Australia instead. Also explain how this course will benefit you in your future career prospects back in your home country or in other international settings where employment opportunities may be available for you.
8. If you have dependents (spouse and children), please provide their names and age. Also indicate if they plan to accompany you or join you later or remain in your home country whilst you study in Australia.

In this section, you must be able to show your genuine intention to temporarily stay in Australia as a student and have clearly outlined your plans about your future post-Australian studies.
10. Provide details of any other relevant or critical information that the visa assessing officers would expect you to disclose – e.g. details of previous visa refusal/s, unusual sponsorship or financial conditions, reasons for frequent overseas travel, etc. If possible, attach any documentary evidence to your SOP.

11. Your SOP must end with the following statement:

I declare that the particulars given above are true and correct in every detail. I understand that incorrect or misleading statements may result in refusal of my admission and/or student visa application.
